**NOTICE FOR PUBLICATION**—The partition of the Interior, United States Land Office at Salt Lake City, Utah, Dec. 28, 1920. Notice is hereby given that Alma Warren of Price, Utah, who on November 12, 1920, made Homestead Entry No. 627286 for the E 1/2, Sec. 23, Twp. 11, South Range 13 East, Salt Lake Meridian, has filed notice of intention to make three-year proof to establish claim to the land above described before the clerk of the district court at Price, Utah, on the 5th day of February, 1921. Claimant names as witnesses Lawrence Whitmore, A. R. Thompson, Ray Warren and Elmer Addler, all of Price, Utah. **GOULD B. BLAKLEY,** Register. First pub. Dec. 31; last Jan. 28, 1921.

## SOCIETY

Mrs. H. C. Tennant of Price announces the marriage of her daughter, Miss Margaret, to Clyde W. Cointerman on September 1, 1920. She is a teacher in the public schools at Price while the husband is attending the University of Utah at Salt Lake City.

Mr. and Mrs. Thomas W. Lewis, formerly residents of Castle Gate but for some time living at Hildreth, announce the marriage of their daughter, Inez Eleanor, to Carl M. Morris on Tuesday, December 24th, at Salt Lake City. At home after New Year's at Ogden.

George Jensen and Miss Marie Peterson of Fairview were married in the Mount temple, December 23d. They are receiving congratulations from their many friends. They will make their home at Hildreth. A wedding dinner was given at the home of the bride's parents, Mr. and Mrs. Peter Peterson, in honor of the newlyweds. A pleasant evening was spent in music and games and social chat. Forty guests were present. Those who came from out of town present at the Fairview home were Mr. and Mrs. Andrew Peterson and Arden Shepard of 241 Pleasant and Mr. and Mrs. Peter L. Peterson of Hildreth—Mr. Pleasant, Plymouth.

**FOR RENT**—TWO FRAME BUILDINGS adjoining the old Southern Utah depot on the east, the latter now being occupied by the American Railroad Express company office. One suitable for storage or warehouse, the other for garage. **R. W. Crockett.**

For that good printing: The Sun.

## PURELY PERSONAL

—Mr. and Mrs. F. J. Larsen of Castle Gate were recent visitors with friends and relatives at Mt. Pleasant.

—Mr. and Mrs. Fred Christensen and Prof. Ella A. Day, Jr., of Clear Creek spent the holiday season with relatives at Fairview and other Sanpete county towns.

—George L. Sampson of Winter Quarters was in Price Monday. He is one of the helmet crew over at Mine No. 1 at Bannock. He thinks the mine will be working again within a couple of three weeks.

—John Y. Smith is down this week from Salt Lake City. He expects to see much activity in farm lands adjacent to Price this coming year. He himself expects to put an additional large acreage to cultivation.

—Joseph Collier went to Bannock Monday with his wife, Nellie, step-son, and infant. He had a good visit with his friends and relatives Monday evening and returned Tuesday. The trip was made in eleven days, the husband being in good shape.—*Verbal Express*, 21th.

—New Stewart has come in for the holidays from his work on Dry Canyon in the electric mines, where he has been working for the Los Angeles Paint and Electrode company. Stewart says the company is shipping about a hundred tons a month. The lease is in the Haven Mining company's land. The Utah Shell Oil company is in this same locality with very promising prospects.—*Verbal Express*, 21th.

—County Commissioner Isaac Alfred and Clerk Jensen are back from Salt Lake City, where they went to negotiate a loan to make up a remittance requested by the state road commission for the county's share of the cost of the post road project this far. It had been intended to divert a part of the county road fund raised by this year's taxes to this use, but these funds are also depleted.—*Castle Gate Progress*, 21th.

—J. R. Johnson, representing the state board of health, was in the county the first of the week investigating several matters and securing information on which the board will probably act in the near future. He has not time in ordering the resumption of school at Ferris, where things were stopped on a Monday week much the same as threatened in Castle Gate. He is reported to have found Price in such a shape with measles that he threatened the stopping in of the state board to handle the situation if Price officials do not get busy.—*Castle Gate Progress*, 21th.

—Rev. M. J. Harper returned from Price Wednesday, where he had gone to meet his son and daughter who were coming home from Salt Lake City to spend the holidays. Miss Margaret is attending school at Howard Hall and Edwin at Westminster college. With them was Hoyt Sherrill, the college chum of Henry, Miss Elva Cruikshank who is attending St. Mary's academy, the daughter of Dr. George H. Cruikshank, and Henry Richards of Wayne County, who is attending the University of Utah. The roads were fine and the merry party had a very pleasant trip.—*Verbal Express*, 21th.

**BUTTER WRAPPERS—PRINTED** in order, a hundred for \$1.50; two hundred, \$2.25; five hundred, \$3.50; a thousand, \$5.50. Send parcels post prepaid where remittance accompanies order. **The Sun, Price, Utah.**

## PRICE AND NEARBY

Quarterly conference of the Carbon stake convenes at Price next Saturday and will last through Sunday. Sessions are to be at the tabernacle.

Rev. Ralph C. Jones extends a special invitation to everyone to attend church next Sunday and hear his New Year's sermon. All are promised a treat.

Price Holiday club members and friends assembled at the Carbon high school last Monday evening. The usual good mood reigned and in attendance with short talks from several.

Five cases of oil well casing, two of boilers and machinery and one set of rig materials were sold this week for the \$100 bid company. From Price, some cases to the high school section and the other to the Huntington well. Most of the month was busy buying here.

The Independent Canal and Reservoir company of Emery county, which has been authorized by the Utah legislature to divert four hundred and seventy-acre-feet from Muddy Creek to be used as part of the supply for 12,440 acres. Two hundred, one of a hundred and seventy-acre-feet and the other hundred-acre-feet, are planned.

George Cunningham, for twenty years or more a resident of Carbon county, has been recently employed by the local republican organization for wardens of the state penitentiary under instructions to investigate this county. It is said to be the intention of this committee to ask for most of the time of his residence here Cunningham has resided at Bannock, where he is an employee of the Utah Fuel company. He has several acres as a farmer and one term as sheriff.

Installation of James for filling income tax returns for 1920 will begin January 1st, the bureau of internal revenue announced Monday. Collectors will simultaneously release all claims for making returns on corporation income and profits taxes, individual income corporation profits taxes and government contracts profit information as to subsidiary or additional information schedule of taxable interest in literary, artistic and scientific property.

Utah Telephone company of St. Louis has filed articles of association with the secretary of state. This is to develop public lands in Utah county. The capital of the company is listed as \$250,000, divided into shares of a hundred dollars each. R. F. Burton is named as president, Edmund M. Burton as secretary, and C. A. Tolson, agent in the company in Utah. R. F. Burton lives in St. Louis, Mo., and is well known at Price and through the Carbon Utah as being formerly connected with the Illinois Asphaltum company.

Save the Purchase Record of last Friday. And how comes the said news that the Utah Telephone company has decided not to accept any more telegrams for transmission to the Carbon Utah at Price. From now on you are to give your message to the telegraph company yourself if you are to send one. We understand that the company does not care longer to make effort to deliver messages to the Carbon Utah and we further understand that some of the persons are demanding more prompt delivery in a court action.

More than five hundred sacks and stockings of candles, froths and nuts were given away Christmas night by the Knights of Pythias at their community feast in the courthouse here. Every child present got something, but nine baskets in all were placed there to charge making special efforts to find persons upon whom to bestow them. After a check of the evening minutes of the order arranged a truck and delivered to quaternions and otherwise kept indoors some thirty packages. The Knights expect to make this a yearly event. They feel well pleased for their efforts the first time.

## IRRIGATION DISTRICT PLANNED

**Owners of Land and Water Rights Are Getting Together.**

Some fifty farmers and others interested met at the district court room at Price last evening to take steps towards the forming of an irrigation district locally. The provisions of the irrigation laws were gone over and the benefits that would come to the district discussed. It was explained that the cost of rebuilding the Mammoth reservoir would not exceed a hundred and fifty thousand dollars and by the expenditure of this sum thirty thousand acre-feet of water could be obtained—sufficient to properly irrigate all land now under the canals and ditches in this valley with the use of the high waters. Methods by which the primary waterowners would relinquish a part of their holdings in exchange for reservoir water—and thus insure the formation of the district—were thoroughly explained and satisfactory conclusions reached. A committee consisting of W. W. Jones, John A. Mathis and J. Wilbur Burnham of Price and W. E. Jones of Wallington was appointed to canvass the farmers, ascertain their position and report on January 15th, next. This first meeting will be held at Wallington next Wednesday evening at 7:30 o'clock. H. O. Mathis was chairman and W. W. Jones secretary of last night's meeting.

## WATER APPLICATIONS.

Among applications to divert water filed with the state engineer lately are the Independent Canal and Reservoir company of Emery county to divert four hundred and seventy-acre-feet from Muddy Creek. The acreage under the project is 13,841 and is near Rochester. The Cleveland Canal and Agricultural company also of Emery county would divert two hundred acre-feet from the snowfall in Sanpete county to be used in the canal system of the company. It would also divert nine hundred acre-feet from Bullfist Creek in Sanpete county for the same purpose.

Civil actions speak louder than words. A judgment is worse than a dun.

## FARM BUREAU TO PLAN MARKETING

Discussion of "a square deal for agriculture" will be the principal topic of the Utah State Farm Bureau convention to be held in Salt Lake City on January 6, 7 and 8, according to announcement of the bureau's executive committee. To bring this one topic before the farmers of the state and reach some conclusion that will be of benefit to the farmers, the manufacturers and the consumers, the committee has arranged a program of five general sessions, three luncheons, two executive sessions and twenty-two committee meetings. Hundreds of farmers are expected to be present at these meetings, which will be in the Hotel Utah and the Joseph P. Smith Memorial building of the I. O. O. F.

Practically every marketing problem of the farmers will be brought before the convention and will be discussed from all sides. No one here farmers been asked to present their views, but they will also be given the viewpoint of the manufacturer using farm products. The special departments will be dairying, raising, eggs, cereals, sugar beets, drainage and irrigation, cattle, sheep and wool, various branches of farming, legislation and women's work. A number of prominent speakers of both state and nation have been invited to give addresses. These include farmers, lawyers, state and federal officials, manufacturers, educators, bankers, some economists and newspaper men, all interested in the solution of present economic problems. The complete program will be announced upon advertisements being received from all of these prospective speakers.

A unique feature of the convention will be the luncheon series, three meetings being scheduled for the three days, to which all farmers are invited to remain. At these luncheons brief addresses will be made by speakers of western and national fame on economic and civic problems facing the country.

The Utah State Farm Bureau is planning a state-wide membership campaign through which it is expected that the organization, already the largest body of men and women in the state, will be made even much larger. Preparatory to this membership campaign the bureau has started a state-wide advertising campaign, telling about the work of the bureau and the plans for the convention. One of its advertisements advises the farmers of the state that:

"We are entitled to cost of production, plus a fair profit for our investment—in addition to fair wages."  
"We cannot work out these problems as individuals. It must be through organization."  
"Don't complain unless you are willing to help clear up things."  
"The farm bureau is our medium for action."  
"It is an organization of farmers and for farmers' interests formed."

financed and officered, 2 farmers, it is your organization.

"Join the farm bureau and get your neighbor to join and give the organization whole-hearted support."

Officers and directors of the organization, which has offices in suite 620 McCormick building, Salt Lake, are: President, D. D. McKay, Hildreth; national representative, J. F. Burton, Garfield; vice president, David N. Beal, Ephraim; treasurer, J. E. Beck, Delta; secretary, Lee H. Taylor, Payson; executive committee, D. D. McKay, Hildreth; Price; J. E. Beck, Delta; Lee H. Taylor, Payson; H. R. Beck, Delta, and Ephraim Bergeson, Cornish.

# A Square Deal for Agriculture

At the annual meeting of the Utah State Farm Bureau to be in Salt Lake City, January 6, 7 and 8, the subject of a square deal for agriculture will be discussed by recognized experts. A program for the coming year will be adopted. The next year is going to be one of trial for the farmers and we must be prepared to meet any emergency.

The big problem today before the farmers of the country is this: To get prices for our products that will pay the cost of production and give us fair profit. We raise our wheat, our beefs, our hay—put all our effort into growing just as much as we can grow and then—sit back and take the price that others choose to give us.

It's the same thing season after season. Big crops have not meant big profits. Yet for years we have only done just what any other class of men would first do under the same circumstances—talked. That's all.

The time has come! Action—not talk—is what we must have now. Utah Farmers have shown that they intend to get this action by joining.

## The Utah State Farm Bureau

We are entitled to cost of production, plus a fair profit on our investments—in addition to fair wages.

We can not work out these problems as individuals. It must be done through organization.

Don't complain unless you are willing to make an effort to help clear up things.

The farm bureau is our medium for action.

It is an organization of farmers and for farmers interests, formed, financed and officered by farmers. It is your organization.

Join the Farm Bureau and get your neighbor to join and give the organization whole hearted support.
